

China make HS-30 High Precision Fiber Cleaver

HS-30S with Fiber Scrap Collector

HS-30 without Fiber Scrap Collector

Features

- Compact body & light weight
- Cost-effective
- Easy to Operate
- Fiber scrap collector attached

Applications

- Telecommunication Engineering and Maintenance
- CATV Engineering and Maintenance
- Fiber Optic Cable Manufacturer

Specifications:

ordering model	HS-30	HS-30S
Fiber Scrap collector	not attached	attached
Applicable fibers	Silica optical fiber	
Bare fiber diameter	125μm	
Cladding Diameter	250-900μm	
Cleaving angle	0.5 degrees at single fiber	
Blade life	48,000 fibers	
Dimensions	77W *84D* 42H (mm)	
Weight	200g	205g
